The third semester is completely devoted to dissertation work. It is expected that the student has carried out substantial research work including exhaustive literature survey, formulation of the 10 research problems, development/fabrication of experimental set-up (if any required) and testing, and analysis of initial results so obtained. The progress made during the semester may be evaluated through progress seminar(s). At the end of the semester, the students are required to submit written report followed by presentation and oral examination as per the Institute rules.
